if your group / District / committee are looking to put on a Workshop / Town Hall, it's my specific responsibility to help. Here's the super-simple process...

1. Have your Group's Conscience (or District or Committee) choose a TOPIC, DATE, and TIME (start and end – but if you're not sure about the end time that's OK). You'll want to be sure to get group buy-in on all three of these items in advance to maximize participation.
2. Convey the topic, date, and time(s) to me! Three ways to do that:
 - a. Text: 512.636.3382
 - b. Phone: also 512.636.3382
 - c. E-mail: altchair@neta65.org
3. I will then find you the panelist(s) willing to be of service. Once I have this information, it will be communicated back to you. I will take care of getting panelists in touch with each other and with points of contact, as well as supplying recommended formats and Conference-approved literature suggestions when possible.
4. If you decide to make flyers or let others know, you'll want to communicate with the following:
 - a. NETA65 Secretary Ashleigh H. – secretary@neta65.org – she will include the information in the Notes & Notables.
 - b. NETA65 Webservant Cindy N. – webservant@neta65.org – she will include the information on the NETA65 events calendar.
 - c. Your local Intergroup office
 - d. Your District's Secretary and/or Webservant.

Have a great 24!

ACCESSIBILITIES STANDING COMMITTEE

Summer Assembly Report June 25, 2023

- Lore L. Accessibilities Chair apologizes that she is not at the Summer Assembly. The past quarter has been very busy with Committee meetings and activities.
- Virtual Zoom meetings have been held on the first Saturday of every month at 12:00pm.
- We have been adding additional different kinds of difficulties in Accessibilities to our list of issues to address.
 - o Review of Accessibilities list – blind, physically challenged or disabled, wheelchair bound, walking impaired, non-driving, remote locations, languages, religions, spiritual alcoholics with babies, single parents, care givers, seniors in nursing homes, patients in hospitals, hearing impaired, autism affected, and emotional disorders. The fastest growing types of alcoholics are the seniors, infirmed, and the Hispanic population in Texas.
 - o Alcoholics not reached by traditional outreach: shut ins, single parents, care-givers, and physically remote locations.
 - o The American Disabilities Act (ADA) is a US Federal program an applies to all public buildings. Privately owned buildings do not need to comply and it is up to the building owner. Recognizing the push backs from groups with alcoholics attending meetings with dogs. Other members being afraid of the dogs. Problems including persons with allergies to animals. Not being able to ask if the animal is a service animal or not. Tradition 1 is impacted by ADA. Emotional support animals are not the same as service animals.
- Addressing low-cost solutions for groups and districts. Including reaching alcoholics in need with a single page standardized flyer. This is for two purposes: (1) The goal is to provide access to information, getting information to people who are helping alcoholics, and (2) to get the information to remote alcoholics in need of meetings.
 - o Flyers to go to police stations, hospitals, senior centers, retirement homes, and nursing homes/rehab centers as these alcoholics are not being reached by the Treatment Center Standing Committee.
 - o Offering the Accessibilities Zoom Account on an hourly basis to any District or Group wishing to hold an Accessibilities Meeting. Set up a Calandly account and distributed the information through the NETA 65 Secretary and the Intergroup offices.
 - o Collecting Big Books in other languages for groups in districts where there are populations of alcoholics from other backgrounds. Example: mid-cities area has several different Asian and Indian languages.
 - o Looking into low-cost or free access of the American Sign Language (ASL) Big Book videos for the hearing impaired alcoholics.
 - o Educating groups and districts so that all Zoom meetings for NETA 65 may close captioning to permit hearing impaired alcoholics to participate in the meetings.

- Plans are being developed for a fall workshop defining different kinds of accessibility issues, problems, and solutions.
 - Working to educate AA members in NETA 65 on the diverse types of accessibilities issues and practice humility by welcoming all persons wishing to stop drinking of all faiths.
 - Will offer panels of alcoholics with diverse accessibilities issues and the different solutions available. Addressing solutions for groups that alcoholics with accessibilities issues want.
 - Examples: (1) A blind AA member to discuss the difficulties and the solutions (2) Discussion to go from specific to general approach. Such as remote, blind, and disabled could all benefit from the solution of a ZOOM AA meeting.
- Recognized the disconnect between the accessibilities information on the Fort Worth Central Office Data Base Meeting Guide and the AA Meeting App. Contacting all of the groups listed with Fort Worth Central Office whose groups are identified as wheelchair friendly.
 - The project has started with Tarrant County and will then expand to other counties and districts across NETA 65. To further identify if this includes access to the bathrooms. Also to work with all DCMs and GSRs to contact the remaining groups to update their information in the database.
- Attended Tarrant CountyWide on 6/3 and set up display rack of AA Accessibilities flyers.
- Lore still looking for an Alternate Chair for Accessibilities
- **Next Meeting date changed to July 8th at 12pm.**

Northeast Texas Area 65 Treatment

Area Treatment Committee Report - Panel 73

May 23, 2023

Here are the minutes from the meeting on May 23, 2023. We would like to talk about and plan a NETA 65 Treatment Workshop at some point in this panel. We can discuss it at the next meeting! :)

- There were four of us in attendance. James (Legacy Group), Susan (Midcities Group) and Susie (Show Me Group District 21).
- We discussed the following topics:
 1. Once again, singleness of purpose was discussed. A member in our Area had a challenging experience at a treatment center when the treatment center contact asked that they allow patients to share about outside issues. We shared our ESH with each other. **QUESTION** that came up - who is responsible for connecting with treatment centers and educating them on what AA is and what AA is not? Is it Area, District or Group level representative? Can Area help in this regard by contacting treatment centers if a Group rep shares a concern?
 2. Treatment contact sharing - **QUESTION** - What do we do if a previous treatment chair or member doesn't want to share their treatment center contacts with the new treatment chair? How many people contacting a treatment center is too much? How can we best streamline it? Also, I shared the NETA 65 Treatment Center Clearinghouse List with the committee.
 3. NETA 65 Treatment Workshop - all of the topics we have been discussing at our NETA 65 committee meetings lead us to realize that hosting a NETA 65 Treatment Workshop would be very beneficial and informative to the Area. We discussed previous treatment workshops we have attended. Came up with a preliminary brainstorm of ideas for a workshop hosted by our Area. All members on the call offered to help set it up!
 - a. Food!
 - b. Great info on carrying the message to treatment facilities
 - c. BTG
 - d. Have a panel of 'experts' (lol)
 - e. Create a schedule / agenda for the workshop
 - f. Invite the treatment center contacts (great opportunity to educate)
 - g. Discuss how to behave when carrying the message, what to wear, what to share, how to interact with leaders at the facilities, etc.

Thank you!!!!

Public Information

Neta 65 Summer Assembly Report

The Public Information committee goals for 2023 are concentrating on the following projects- Health Fairs, High Schools, Junior Highs and continue to build the interest to serve for this much needed cause.

We designated a person a monthly to attend the National CPC/PI Working Group via zoom. This meeting provides many resources from building websites to speaking at non-AA functions. There will be a Zoom event with speakers. Event Flyers are available to take back to your groups at the PI table here at the assembly.

The next quarter the Neta 65 PI chair will be contacting the DCM's to verify if their district PI chairs are filled? and what resources the area can provide? within their districts. If you are a DCM and attending the assembly, please stop by the PI table to verify your information. We thank you in advance for your help with that.

Our monthly zoom meeting occurs the 3rd Monday at 7pm. All are encouraged to attend. Currently considering the size of the area and active groups, we are experiencing low service for this great responsibility. The average attendance and participation are about 12 people to carry out the various projects. We appreciate your assistance and interest for our primary purpose.

Love & Service,

Britt F.

Neta 65-Public Information Chair

Hello Area 65!

Literature is up and running and moving and shaking this panel. We are now happy to have committee members from all corners of the area representing groups and districts.

Other news:

- Literature Committee holds a monthly meeting on the final Monday of each month at 8:15. This had not been added to notes and notables but I believe that has been corrected now. Please steer group/district reps our way. Our committee is meeting on the final Monday of the month on Zoom.
Room ID: 541 227 9115 Passcode: APEX2022.
We are gather presently on 6/26/23 at 8:15pm at the zoom indicated above. Next month's meeting will be on 7/31 at 8:15pm.
- We have finally organized the bajillion pamphlets from last panel and found that quite a few are not in our stock. This has been corrected and we have materials for all current pamphlets in English and Spanish. We have recently submitted a new order for many books and pamphlets that we did not have including the beautiful new Visual History of AA book. If you are interested in owning a copy, or just flipping through this beautiful thing created for the 2020 international conference, come see us. We *probably* have some (come on USPS!!!) by the time this report is read at assembly
- We are actively planning a literature workshop to familiarize interested AA's with the chopped liver of AA literature: the pamphlets and to review the role of literature in our past, present and future. Details will be distributed asap
- If you or your group are in need of literature or materials, please reach out to us. We are here to act as a liaison and to support the groups in the area with their ability to carry the message.

Humbly Learning to Serve You,

Jess D.

NETA Report CPC Committee

June 2023

1. The CPC committee has created a training for AAs to create a partnership program between AAs and professionals. The goal is for professionals to be partnered with AAs to have a personal contact with an AA who can take the professionals to meetings and answer questions. Professionals to target are determined by the districts or groups within NETA. The CPC committee has put together a “framework” for the partnership program for districts or AA groups to use with any professional group.
 - a. Dallas intergroup CPC committee puts on a presentation to the medical interns at UT Southwestern each year. They are interested in working with the area to enhance their efforts by creating a partnership with interns.
 - b. We are exploring an opportunity to present to the new intern program in the Fort Worth THR system.
 - c. Pockets of Enthusiasm group is exploring partnering with nursing students from West Coast Nursing Program in Richardson.
 - d. The area CPC committee will have a training on “How To” create this type of partnership with professionals you are interested in targeting. This will be held on **Sunday, August 20 at The Gift in Irving from 2:00pm-4:00pm**. There will be food! Flyer to come soon!
2. The pamphlet racks have been organized on the CPC table in 3 sections. One section is for those interested in CPC, the second section is for professionals that want to understand AA, and then the 3rd section is pamphlets for professionals to provide to potential alcoholics.
3. Please contact by calling, emailing or texting Jayne C. or any further information or questions at cpc@neta65.org or 972-979-2419.
4. The CPC committee meets every 3rd Saturday of the month from 10:00am-11:00am via zoom. During Area Assembly weekends (that are on the 3rd weekend) we will meet on Saturday during the lunch break in person and via zoom for those who are not attending Area Assembly in person.
