Northeast Texas Area 65 of Alcoholics Anonymous NETA65.org

Wanna Learn More About How You Are Connected to the General Service conference?

In an effort to continue elevating general service structure transparency for all members of NETA65, CONFERENCEconnect was created as a series of engagement activities for members of Area 65 who want to become more informed about the General Service Conference (GSC) and learn how and why they are connected to it.

Sharing Session 1: Final Conference Agenda Items

As soon as final agenda items are distributed each year in this panel, our Delegate will have a Zoom meeting for all members of NETA65 who wish to better understand them so they can share that information with their districts and groups to become as well-informed as possible.

BootCamp 1: Mock Committees

The Delegate will host a Mock Committee BootCamp orientation/training once each year in Panel 75 just before the Spring Assembly to help all Assembly attendees understand and prepare for their participation in the Mock Committee Process at the spring Assembly.

Orientation/Training: Mock Committee Chairs / Co-Chairs / Scribes

Working in concert with the Delegate, the Alternate Delegate will have oversight of a Spring Assembly mock committee training program. This pre-Assembly training for trusted servants selected by the Delegate to serve as mock committee Chairs, Co-Chairs, and Scribes, is designed to review expectations for their service prior to and during the mock committees at the Assembly. Attendance is strongly suggested for trusted servants asked to lead and execute these mock committees so the Area may deliver a consistent mock committee experience for all attendees.

BootCamp 2: Delegate's Conference Report

The Delegate will host a Delegate's Report Back BootCamp orientation/training once each year in Panel 75 just before the Summer Assembly to help all Assembly attendees understand and prepare for their participation in the Conference Report back at the Summer Assembly.

Town Halls: Conference365

Since the GSC operates all year long, there will be four Town Halls throughout the year to help all Area trusted servants who want to submit proposed agenda items to the conference coordinator learn how to do that. These meetings will also be available for a "What's On Your Mind" regarding the Conference, and the Delegate will report to the body any important information our SWR Trustee shares from their General Service Board (GSB) meeting reports given to all SWR Delegates and Alternate Delegates after each board meeting (if it's available @ that time).
